

Customer Lead and Copper Survey

The Connersville Utilities are required by EPA to inventory customers' homes water lines that are coming into the house. In order to compile a database of material used in our customer's service lines we need your help. Please take a few minutes to complete the questionnaire and return to Connersville Utilities, Po Box 325 Connersville IN 47331.

Name of property owner _____

Address of property _____

Phone number if we have questions _____

What material is your service line made of ? (check what applies)

Lead Copper Galvanized Steel Plastic Unknown

In addition, if possible, take a photo of your service and send to mikebottomley@connersvilleutilities.com

Connersville Utilities thank you for your cooperation in helping us with this survey, so we can continue to serve clean and safe water to our customers.

Any problems identifying please contact the office 765-825-2158.
