## **Stay Informed with Doxpop Property Watch Alerts**

Property Watch alerts you to a document filed in your county that matches your name or legal description (if desired).

Our unique alert system allows you to set up email alerts on your name, as well as to select any legal descriptions you would like to watch. When a new document is filed at the County Recorder's Office, you will be notified if your name or legal description appears.

This service is free to all users, works on all browsers and systems, requires no login, and is easy to set up in 5 minutes or less.

Email notifications include: Document Number, type of document recorded, and date of the recording, along with your selected alert criteria that matches the new document. If the document alert is unexpected, you may access full document information at no cost by using our search services located at [www.doxpop.com](http://www.doxpop.com) (free sign-up required).
