

911 Advisory Meeting Agenda

FEBRUARY, 29th 2024

Dale Munson: Commissioner

Kelly VanMeter: 911 Director

Scott Jones: City Fire Chief

Nate Stevens: Asst City Fire Chief

Zac Jones: Sheriff

Chad Ripberger: Bentonville Fire Chief

Eric Lower: Glenwood Fire Chief

Chad Gronning: Everton Fire Chief

Nicholas Freeman: Asst Everton Fire Chief

Wade Walling: EMA Director

Clint Hardin: EMS Commander

Randy Bolos: City Police Chief

Michael McCreary : Asst City Police Chief

Sharon Cranfill: County Council

City Council : Jabin Collins

OLD BUSINESS:

New 911 system Install

911 Staffing

Signage on the River

New Business:

911 System is all complete with new install. New monitors, new towers. Working as it should with very nice extra features, such as a key pad to answer with.

Staffing: We have gotten down to 8 people counting myself. I have been on radio A lot, which shifts have to be covered. If I have not been in office I am on radio. I have hired 3 people, hopefully all 3 make it and stay, but if 1 or 2 make it and stay it will be better.

Quotes to look over:

Spillman Maintenance For Yearly software

Mapping Quote Through Spillman? Double paying if also GIS for county being used.

ECS Radio: Combiner Quote To replace the old one in basement.

Grant:

Applied for 2500.00 Mini grant through the foundation, received the grant. This will be for Public awareness, as well as new polo shirts for dispatch, as well as a folding table, and canopy. During the Fair time, we usually get offered a free spot, but we never have a table or canopy. We will also update all materials and hope to back into the schools. Since Covid, schools have been leary on letting people back in, and we have not had the funds to do it.

HEADSETS:

On Back order. The old ones that we have don't really work that well. And EVERYONE ALL OVER is getting new ones. Hope to have them soon!

INVITATION:

All of you are welcome to sit in dispatch. I know everyone is busy, however, we would love to see our supporters in there sitting for an hour or two to see what our side looks like!

EDISPATCH:

Trial for 30days, what is the outcome on using this?

We did renew Civic for another year, due to it being cheaper this year.

800/VHF Simulcast:

The worse for last!! LOL

Pros/cons

Discussion.

Meeting Adjourn:

Next Meeting: June, 13th 2024
