Old Business:

- *Jay McAtee our mowing contractor is ready to get started for the season and has received the approval from commissioners.
- *The Ruf family has a cemetery on their property (possibly the poor farm) and they would like to have it preserved. The cemetery has been plowed over at some point so it will be a big job. We will need to talk to them more about a fence to keep the cattle out.
- *Amanda reported that our 2 new mowers wont start. They've only been used a couple of times each. We'll have to look and see if we can figure out what the issue is.
- * We would like to get gifts for our volunteers. Aimee will contact the trophy store about t-shirt and tumbler prices.

The Gamble cemetery needs to be located around the Higher Praise Worship center.
The High School sports fields have expanded so the cemetery needs to be located and marked.

New Business:

Jarrold is going to attempt the tree work at Union cemetery.
Danny & Lacy Wright have decided not to continue their work on Thomas cemetery, but they will continue to do Murray and Dickey.
The chainsaw needs a new blade, Aimee will take it to Gillman for a replacement.
Aimee will call the Trophy shop and place the order for the volunteer thank you gifts.
We really need to do a fundraiser to have money for flags and supplies. We need small graveside flags.

Motion to Adjourn was made by Aimee, Second by Kristy
