Old Business:

The fence at Kirkwood cemetery needs to be rebuilt and painted. The farmer, Chad Ripburger, offered to rebuild and paint it if we supplied the materials needed. It is also in need of a new sign.

Amanda reminded us that we need to be sure our meetings are advertised in the paper or the community calendar as we aren't always able to keep up with the facebook page. Jarrod was able to get the mowers started

Donna talked briefly about the 250th anniversary of the United States and possibly doing something with the community.

New Business:

The Woods family are asking again to move their ancestors' graves back to where they belong. They are currently in our old building up by the animal shelter. We will look into getting them back to where they belong.

Donna discovered an obituary for Alice Willcox, who was buried at "Bunker Hill" which is now known as Martin cemetery. She added her to the Find A Grave website as she doesn't have a headstone to mark her grave.

On the topic of Martin cemetery, Amanda mentioned that the fence is in bad shape all the way around the cemetery. We are considering removing the fenceline in front and repairing the back and the sides. Most of the wooden fence posts are rotten.

Simpson cemetery has a groundhog or mole issue that is making a mess of the cemetery and has made a hole in a grave. We will try to evict the critter and get some dirt to fill in the hole.

Motion to Adjourn was made by Aimee, Second by Jarrod.

Next Meeting- July 3, 2024 at 9am in the Cemetery Commissions Office located in the Courthouse Annex building.
